maintenance & care

POWDERCOATED ALUMINIUM

Simply brush away loose dirt, rinse, and clean with a mild, lukewarm soapy solution. Rinse thoroughly and pat dry with a cloth.

NATURAL TEAK

Simply brush away loose dirt, rinse, and clean with a mild, lukewarm soapy solution. Rinse thoroughly and pat dry with a cloth. Avoid the use of abrasive products and solvents and high pressure cleaning.

Pure tables and benches are already treated with Diphano Teak Stain Protector - an invisible timber impregnator that makes the table top water & dirt repellent while maintaining the beautiful teak colour. For the longer life span of these tables and benches, we advise to apply the teak stain protector once every 6 months.

Teak stain protector

Saturates teak to make it repellent to water and moisture. Helps to prevent stains (e.g. wine stains, barbecue stains...). Easy to apply. Transparent finishing.
